Cover Photo: Mapping by Namika from Syria. During a work-shop with women\* living in an emergency refugee camp, we asked them to draw aspects that were important to their lives at home and in Germany. Words on the left mapping (at home): neighbors, friends, family and being/becoming a journalist or poet. Words on the right mapping (in Germany): learning IT and having a computer, to go on with studying, learning German or more languages, being a journalist, I love friends, living like Germans, my children are learning.
